TotalEnergies

Our dedication to providing top-quality products and services remains our main commitment.

In this pursuit of excellence, we have equipped two **mobile laboratories** to monitor the **quality** of our **products** at our 180 service stations.

Recently, we also had the pleasure to inaugurate our **newest** service station, TotalEnergies Horch Tabet Sud, situated in the heart of Greater Beirut, providing a full range of top-quality products and services.

Another subject that is dear to our heart is corporate social responsibility. **Road safety** and **cultural dialogue** are integral to our social initiatives: we recently conducted defensive driving training for school bus drivers, and we were proud to have supported Al Bustan International Festival of Music and the Performing Arts.

Adrien BÉCHONNET
Managing Director and Country Chair,
TotalEnergies Marketing Lebanon

Happy reading!

Two Mobile Laboratories, Constant Quality

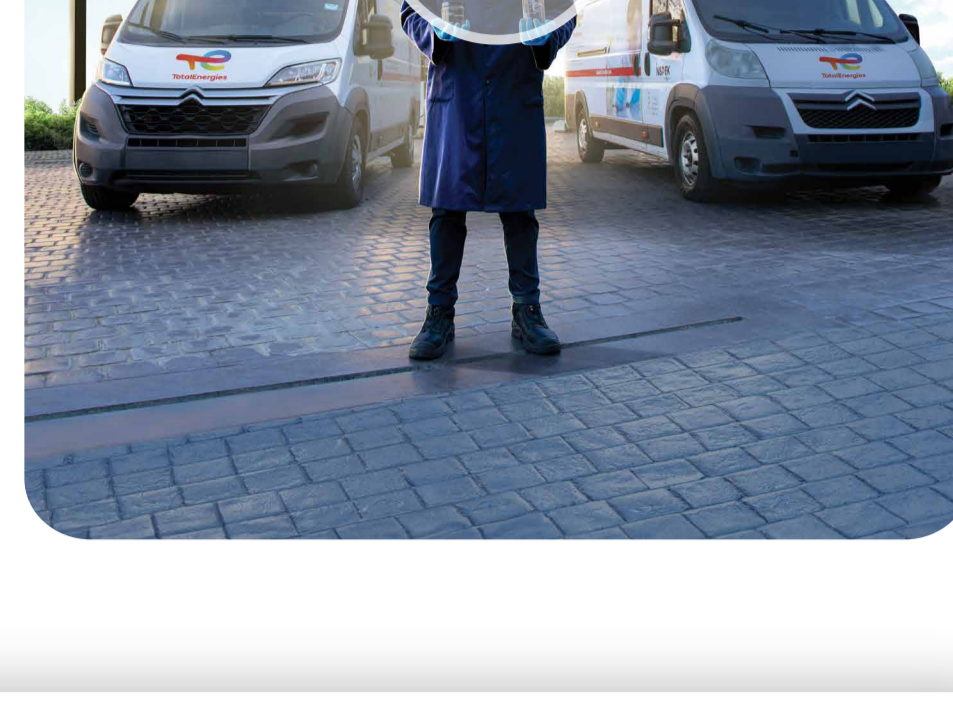

Have you ever heard about the **product quality checks** done at our service stations?

We equipped two **Mobile Laboratories** managed by an **independent company**, Inspek by Apave. These two Mobile Laboratories randomly tour our service stations to:

Control different **specifications** of **gasoline** and **diesel**;

Ensure the **accuracy** of the **pump meters**.

News from our Network

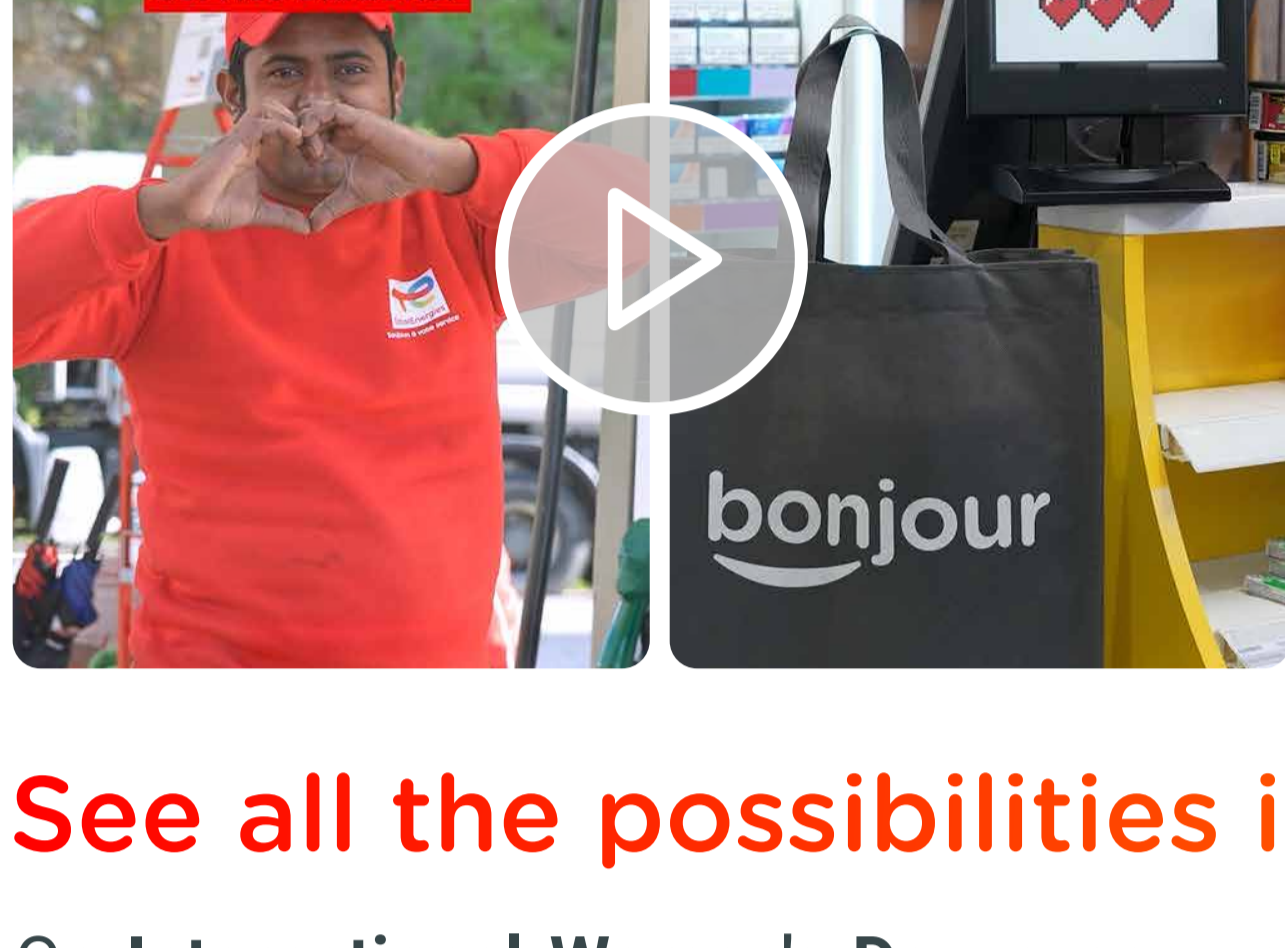

Various events including TotalEnergies Horch Tabet Sud inauguration, Valentine's Day celebration along with Women's Day and Mother's Day festivities were organized within our network during the first quarter of this year.

New: TotalEnergies Horch Tabet Sud

We were happy to announce the **inauguration** of the newly opened **TotalEnergies Horch Tabet Sud** service station! From top-quality fueling to expert oil change, and from professional car washing to a diverse range of products at **Bonjour Convenience Store**, this service station has it all. [📺](#)

Love awaits you within our network

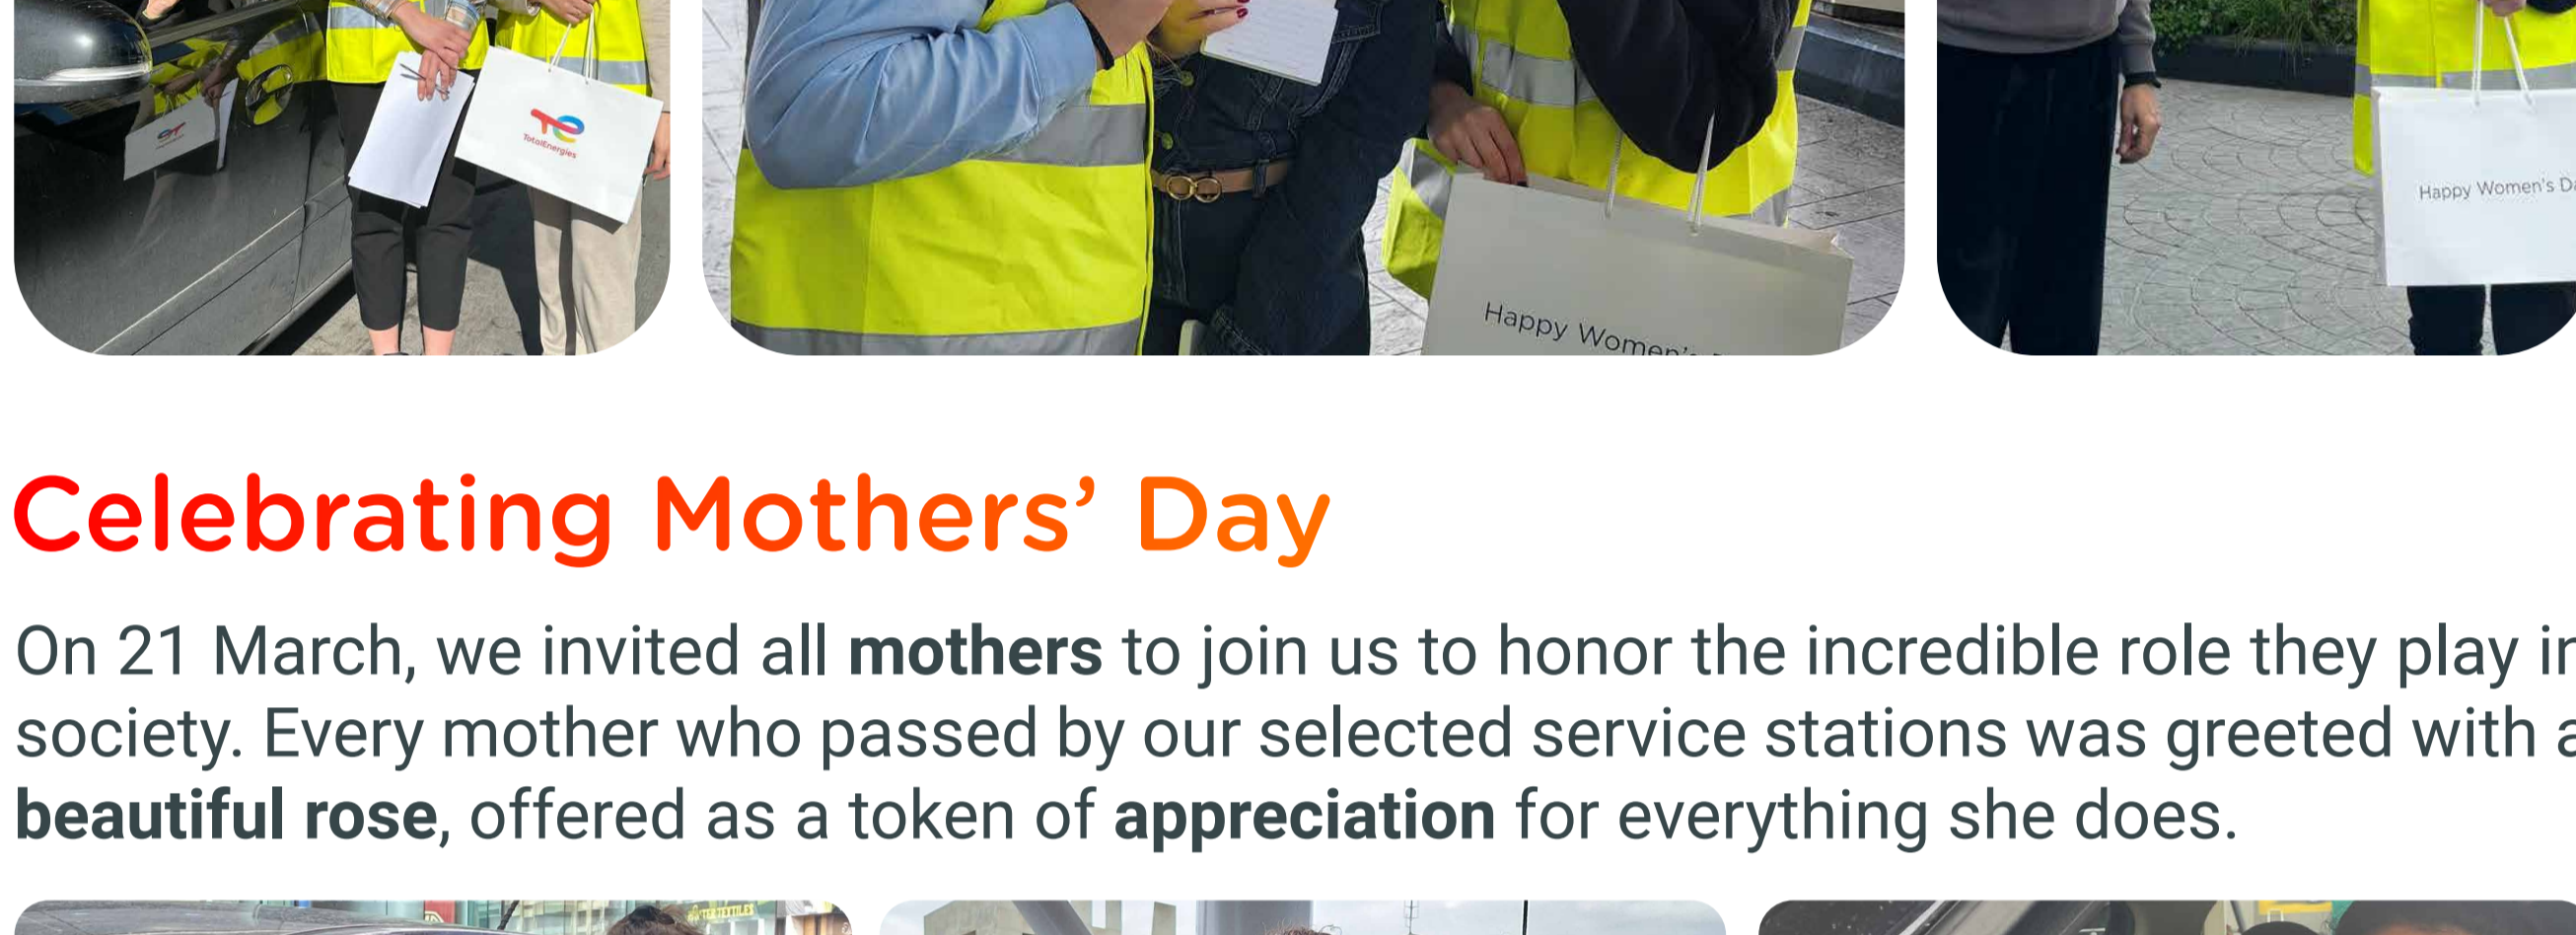

Love is at every corner at our **service stations**. [📺](#)

Happy Valentine's Day! ❤️

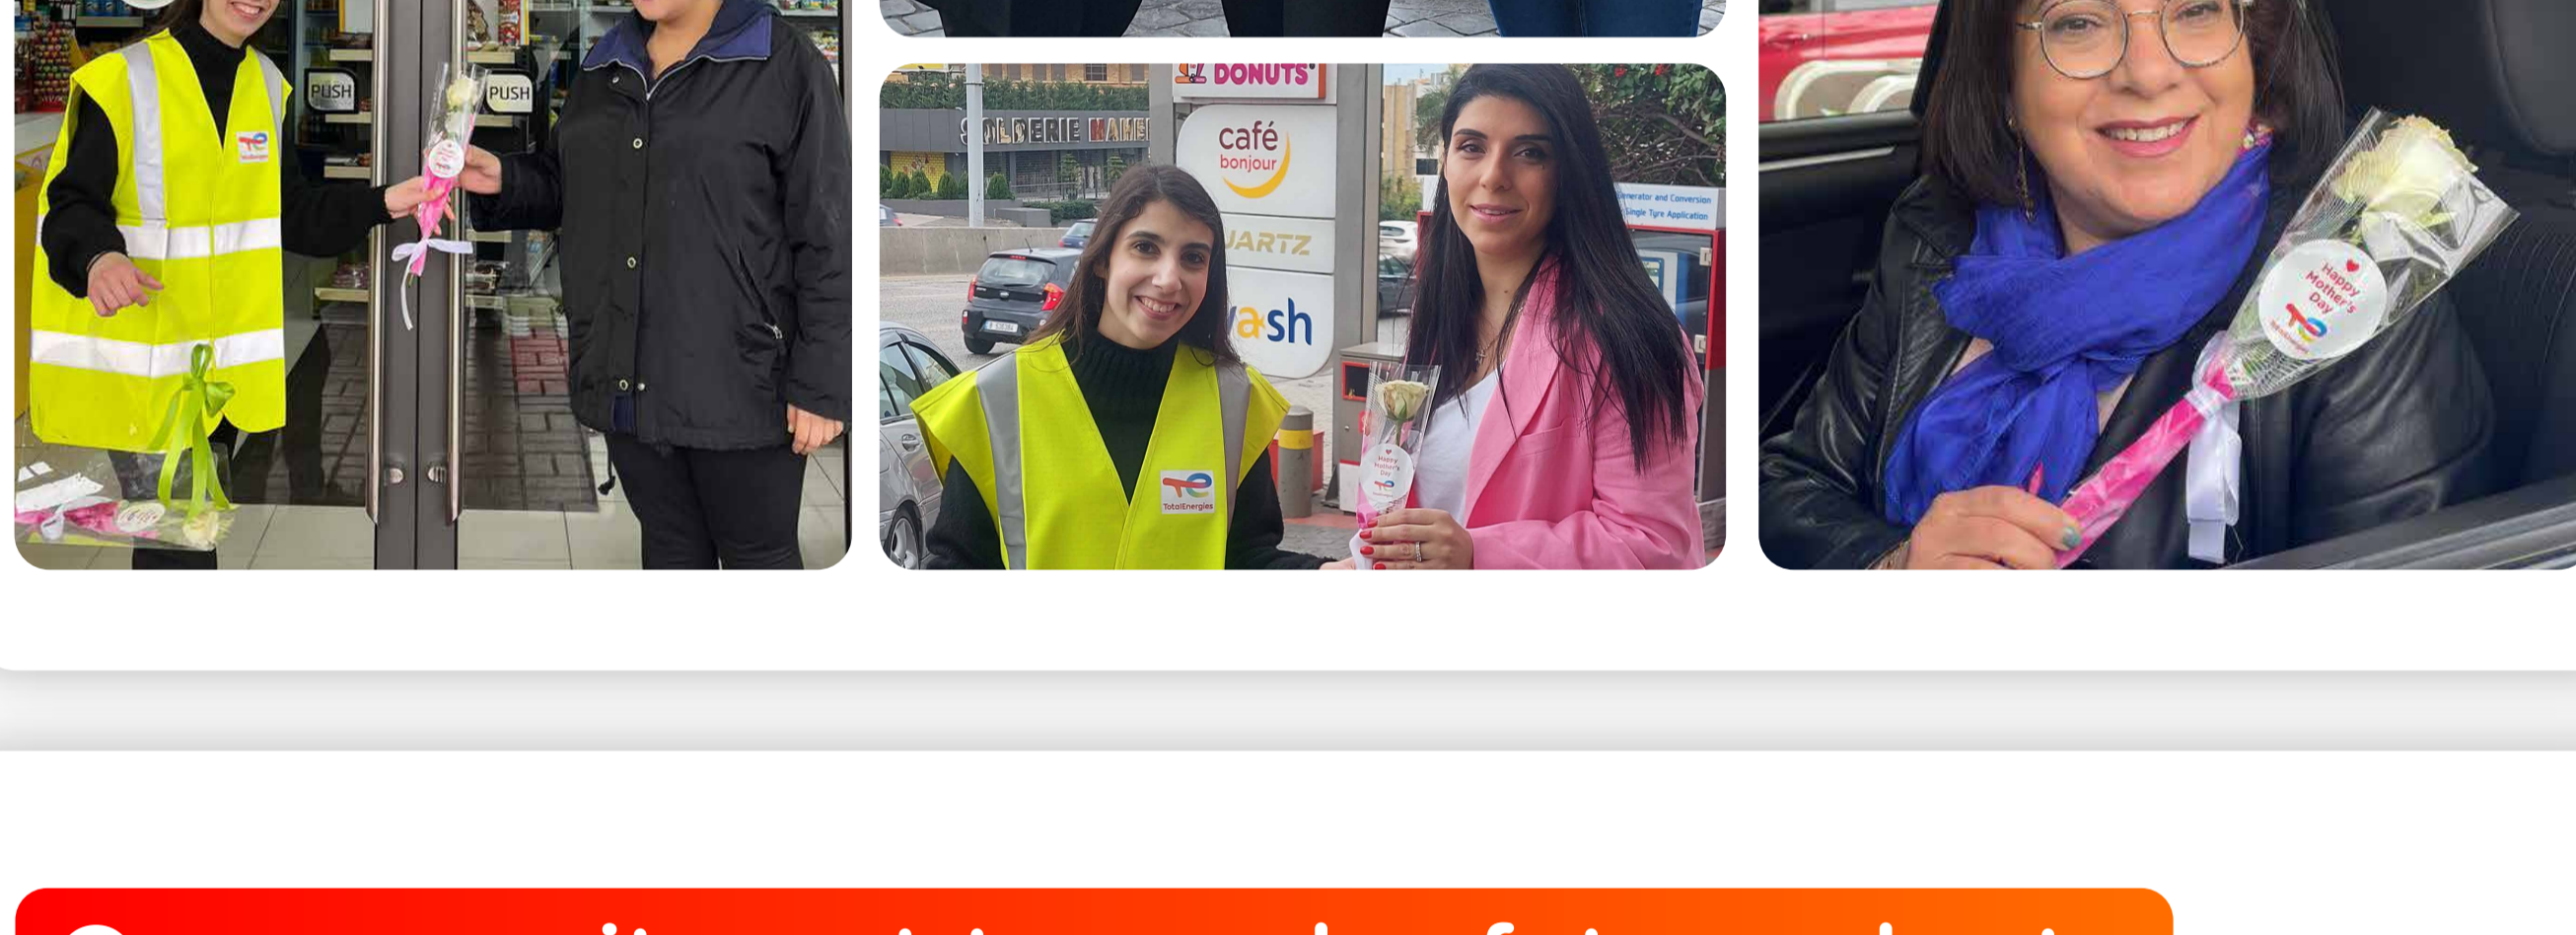

See all the possibilities in yourself!

On **International Women's Day**, every woman, at our selected service stations, was greeted with a **special gift** accompanied by a **powerful message**: "See all the possibilities in yourself." What made this activation even more meaningful was the presence of women colleagues who were mobilized at the service stations to celebrate the occasion with all our women clients.

Celebrating Mothers' Day

On 21 March, we invited all **mothers** to join us to honor the incredible role they play in society. Every mother who passed by our selected service stations was greeted with a **beautiful rose**, offered as a token of **appreciation** for everything she does.

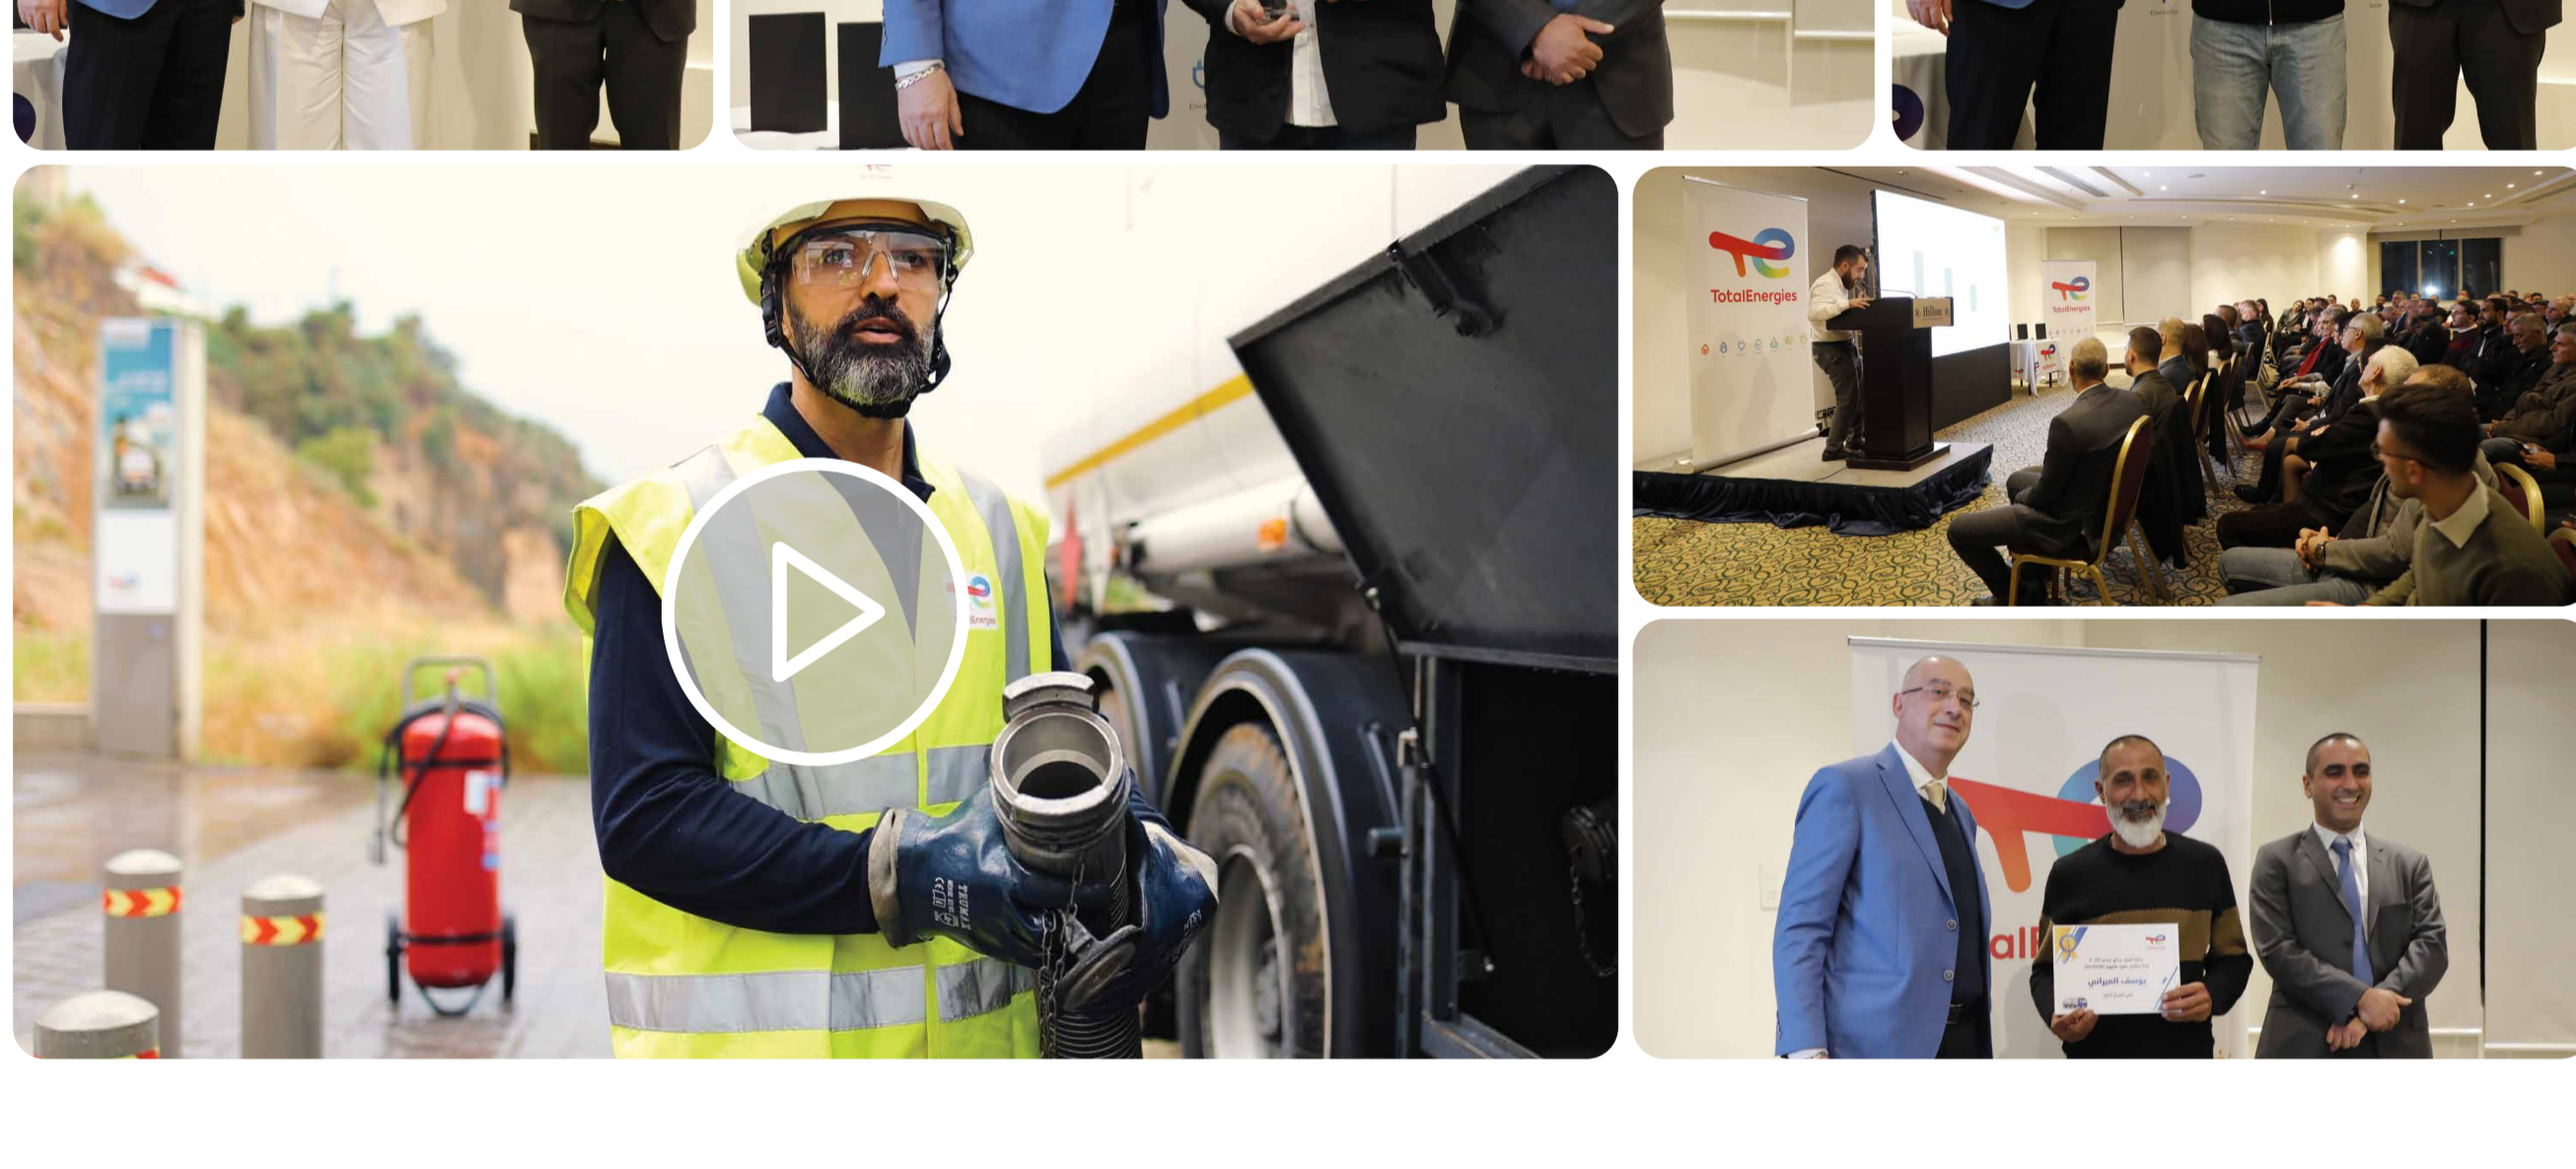

Our commitment to road safety and arts

Road safety and culture are part of our main pillars. Discover our Transport Convention event focused on the safe transport of our products along with defensive driving training to bus drivers and our support to Al Bustan International Festival of Music and the Performing Arts.

Transport Convention

Transport is at the core of our **operations**, and we deploy every effort to ensure the safe and efficient transport of our products to our clients and service stations. On 5 March, we met the contracted carriers and drivers to discuss future projects and reinforce safety rules while carrying our products. During the event, a movie was screened featuring the **role** of our **drivers** in delivering the energy our clients need while maintaining public safety during **loading, delivery** and **unloading**. To live a day with our drivers, watch the movie: [📺](#)

Defensive driving training to 75 school bus drivers

Part of our commitment to **road safety**, and in collaboration with the Lebanese International Road Safety Academy (LIRSA), we trained **75 school bus drivers** across three schools. The training enhanced the know-how of the school bus drivers when it comes to **defensive driving** techniques to foresee and prevent any accident that may result from an anomaly on the road related to the driver, the road condition, and third parties.

Supporting Al Bustan International Festival of Music and the Performing Arts

We were happy to **support** Al Bustan International Festival of Music and the Performing Arts in its 30th edition as we aim at contributing to the **cultural scene** of Lebanon and providing audiences with unforgettable musical experiences.

TotalEnergies supports Singapore in its green plan

Discover how TotalEnergies is supporting Singapore in its commitment to becoming a leader in **green innovation**.

The development of **electric vehicles** is a complex challenge throughout Asia, but TotalEnergies now operates the largest **EV charging network** in Singapore. Singapore's Green Plan aims at having more than 60,000 charging stations nationwide by 2030.
