

Hot-Country Organic Coolant 1L - 4L

TOTAL has engineered this coolant's thermal conductivity and boiling point especially for hot countries. TOTAL Hot-Country Coolant provides high temperature resistance for all types of petrol and diesel engines and long-term protection for radiators and water pumps. It removes scale and offsets corrosion. It suits every light and heavy vehicles and is compatible with all cooling circuit materials.

Meets new NF-R-15.601 manufacturer standards and organic technology, the organic coolant is a next-generation product, result of advanced research, to meet the specifications of many automobile manufacturers. Miscible with all the coolants, organic or not.

Product & Conditioning

Pack	Can 1 L	Can 4 L
Pack color	Transparent	Transparent
Pack dimensions	23 x 8,5 cm	24,1 x 13,2 x 19 cm
Closure	40 mm cap with protector	40 mm cap with protector
Cap color	Black	Black
Pack per box	12	4
Dimensions box	35,9 x 27,2 x 25,1 cm	39,6 x 28 x 26,1 cm

Product Advantages

Prevents engine overheating

Protects from corrosion

Withstands high temperatures

Extends vehicle life

Transparent can to visualize the quality and clearness of the product

No hazardous product.

Cf. Technical data sheet and Material Safety Data Sheet.
